- ABSTRACT -

In 17th Century a new Generation atmosphere of Spirituality was blowing in the history of English Literature that was none but Metaphysical Poems by Metaphysical Poets. They shook the Literary world to give Immortality to Philosophy and Spiritual love in the name of Metaphysical. This term is related to Metaphysics, derived from the Greek word, Meta means - beyond and Physics means Science. So, Metaphysical Poems are not discussed in the sense of Science. Elements of Metaphysical Poems are the technique of Conceit, complicated thought, touchy imagery, expression of Philosophy, Religious atmosphere, power of wit to express Spirituality, strong point of view and satire to non-living objects, Metaphor tendency, frequent Paradox, from Sexual to immortal love.
